CODE SECTION: Administrative Policy and Procedure

TOPIC: To establish written policy for site visits

PURPOSE/REASON: Inspector to make every effort to contact the contractor/permit holder when arriving on site or stopping in at the construction trailer to check in with the builder. Honor requested comments on the inspection ticket for call prior or AM/PM if possible. If a call is made to the contact number and no one answers leave a short message as to the time you were on site. A referee should be issued due to the fact it is the responsibility of the permit holder to ensure that the access card is posted or the permit holder or their designee is on site for the inspection. Also the inspector is to note the time and effort made on the inspection ticket if unable to complete the scheduled inspection.

INTERPRETATION: Approved as proposed

Approved: Chris Knight, CBO
